

Impact less

Conserving resources is a shared mission at KI, and meeting the minimum is never good enough. The fact is, we far exceed the industry norm by recycling, refurbishing, reusing, and reconfiguring all the materials we can. So while our furniture is having the greatest impact on our customers' needs, it's having the least on the environment. To see how we can help turn your eco-footprint into something a bit more green, visit ki.com/green
