Civara®Task Chair

A fully ergonomic task chair featuring adjustable seat depth, seat height, 4D arms, lumbar support, and synchrotilt recline, delivering all-day support with a clean, modern aesthetic.

Key Features

A Ergonomic Comfort

Quick-to-adjust synchrotilt mechanism offers easy recline, lockable to four positions. Seat cushion provides optimum long-term sitting comfort.

B Backrest

Back height adjusts vertically 7.5" to match users' unique spinal curvature and is available as mesh or upholstered.

C Headrest

Optional headrest is height adjustable and available as mesh or upholstered.

D Lumbar Support

Upholstered models feature 4" of vertically adjustable lumbar support. Mesh models offer depth-adjustable lumbar support.

E Seat Adjustment

Standard seat height adjusts from 17.5–22.25". Low-height cylinder provides seat height adjustment from 15.75–19.25". Seat depth adjusts from 15.5–18.25".

F Material Options

Choose from Pallas Textiles, KI ingrade, or COM fabrics for the upholstery or five mesh colors including black, charcoal, fog, nickel, and ocean. Frame available in white, black, and warm grey.

G Arm Options

Available as armless or with 4D arms. 4D arms adjust for height. Arm pad adjusts for width, depth, and pad pivot.

H Five-Star Base

The 26" diameter base is available in black, white, warm grey, or polished aluminum.

I Casters

Choose between 60mm black and white designer or black traditional dual-surface casters compatible on both hard and soft surfaces.
