Cogni® Chair

Enhancing engagement, flexibility, and inclusivity, Cogni classroom chairs create adaptable, welcoming spaces for today's students.

Key Features

A Controlled Mobility

Patent-pending heel-wheel offers controlled mobility, acts as an anti-tip mechanism, reduces noise, floor stress, and functions like a dolly when stacked up to four high.

B Ergonomic Comfort

Adaptive seat design and comfort ledge accommodate various postures and positions while back frame flexes 11 degrees for comfort.

C Base Options

Available in cantilever or 4-leg styles. Cantilever models are available with heel-wheel or glides. 4-leg chairs are available with casters or glides. New hybrid (non-skid) glides accommodate luxury vinyl and hardwood flooring.

D Size Options

Choose from multiple seat heights: 12" (4-leg only), 14", 16", and 18" (passes ANSI/BIFMA X6.1 testing).

E Elevated Aesthetic

Organic shape provides a refined look with modern color palette featuring bold and neutral tones allowing choice in any learning space. 18" chairs are available with an upholstered seat cushion, choose from Pallas Textiles, KI ingrade, or COM textile options.

F Sensory Support

Patent-pending sensory shroud promotes tactile engagement and can be specified to match or contrast the seat shell.

Styles

Cantilever Leg

Small: **W**16.5" **D**16.38" **H**24.75"
Seat Height: 14"
Medium: **W**17.5" **D**19.5" **H**28.75"
