MyPlace™ Benches & Ottomans

MyPlace benches and ottomans are ideal for casual meeting spaces and impromptu collaboration. Use smaller ottomans as a foot rest, individual seat, or combine together for group discussion. Larger ottomans easily support multiple users.

Key Features

A **Shapes and Sizes**
Ottomans are available in four shapes (round, hex, square, crescent) and a range of sizes (18", 26", 36", 48") suit any size space. Backless benches are available in five shapes (rectangle and 30-, 45-, 60-, and 90-degree curves) and can be specified standalone, configured with other backless bench units, or configured in-line with other MyPlace seating units.

B **Supportive Seat Height**
All MyPlace elements come with a standard seat height of 18". Junior 14" height ottomans are available on all 18" ottomans shapes.

C **Base Styles**
Casters, concealed glides, poly, wood, or aluminum foot options fit any aesthetic or flooring requirement. Active bases on 18" round or hex ottomans provide multi-position support. The subtle rocking motion or a static home position empowers users to remain engaged while releasing excess energy when they choose. An active base kit may be purchased separately and added to existing standard or junior height 18" round and hex ottomans. If an active base kit is added to ottomans with a concealed glide base type, the overall height of the ottoman will increase 2".

D **Material Options**
Choose from Pallas Textiles, KI Ingrade or COM upholstery options; specify as contrasting or matching fabric on seat and base.

E **Reconfigurable Environments**
Durable yet lightweight construction supports reconfiguration for ever-changing spaces. Crescent and round ottomans of like sizes can nest. Hex ottomans of like sizes can be configured into a honeycomb pattern.
