

Ricochet™ Stool

Featuring a rounded base for an active sit, Ricochet stools offer freedom to fidget, which can help keep bodies and minds engaged.

Key Features

A Poly Options

Available in ten different solid or two-tone color options. Mix or match base and column colors to suit any space.

B Active Movement

Convex base provides 12 degrees of non-disruptive wobble that is safe and stable. The non-slip base is made of textured thermoplastic rubber, suitable for both carpet and hard floors.

C Lightweight & Stackable

Lightweight design with waterfall seat is easy to move and allows units to stack up to three high.

D Height Options

The all-poly construction provides a durable seating solution that is available in five standard heights to fit any user: 12, 14, 16, 18, and 20".

E Lasting Durability

Backed by a structural lifetime warranty, Ricochet stools have a 400lb weight rating.
