

# Sonrisa<sup>™</sup> Lounge Seating

Sonrisa lounge chairs, loveseats, and ottomans feature a contoured design that enhances both the visual and physical realities of style and comfort.

### **Key Features**

A Small-Scale Comfort

Contoured design maximizes comfort while maintaining a minimal footprint.

B Design Flexibility

Choose from non-contrast or three contrasting fabric options for chairs and loveseats. Ottomans offer non-contrast or contrasting seat options. Select from 16 thread colors for the double needle stitching.

C Base Options

Select from base options including feet with glides, casters, swivel base, or feet with rollers. Rollers are lean-back activated and only available on lounge chairs and loveseats. 360-degree swivel base is available on lounge chairs only.

D Supportive Arms

Select armless models or models with arms for lounge chairs and loveseats.

E Environmentally Conscious

Standard, field-replaceable parts offer a sustainable, cost-effective solution.

F Enhanced Cleanability

Convenient push-through design ensures dirt and debris do not get trapped between the seat and base.
