

Strive High-Density Stack Chair

The elegant and lightweight design of Strive high-density stack chair allows for easy lifting, moving, and stacking while providing versatile comfort at a low cost.

Key Features

- A

Flex Comfort
Slatted back and steel supports allow back to flex for increased comfort.
- B

Stacking
Poly shell can stack up to 30-high on dolly and 6-high on floor. Upholstered seat can stack up to 15-high on dolly and 5-high on floor. Transport dolly allows ease of movement and storage.
- C

Integral Handle
Integral handle eases lifting, moving, and stacking.
- D

Material Options
Available as all poly or with upholstered seat.
- E

Glides
Choose from four glides: plastic, steel, rubber, or felt. Ganging glides also available in plastic or steel.
