

Strive Tandem Seating

With a variety of configurable solutions, Strive tandem seating provides comfort and cleanability in high-traffic spaces.

Design Simplicity that Elegantly Adapts

Ideal for high-traffic areas, such as waiting rooms, hallways, and public spaces, Strive tandem seating combines elegant style and design flexibility with an assortment of seat and table combinations. With a slatted flex back and contoured curves, this ergonomic solution provides comfort with upholstered seats while added arms enhance functionality.

Key Features

- A

Flex Comfort
Slatted back and steel supports allow back to flex for increased comfort.
- B

Material Options
Available as all poly, with upholstered seat, or with upholstered seat and back.

- C

Arms Options
Available without arms, with end arms, or with individual arms.
- D

Connector Tables
Optional 20" in-line and 30" corner tables provide space-planning options for straight, L-shape, or U-shape configurations.

Product Highlights

Defining Spaces

End arms provide support at the end of each run while specifying all arms improves individual user comfort and creates a separation of space.

Enhanced Functionality

Tandem configurations with in-line or corner tables provide a surface to support personal items where needed.

Meet the Family

Providing ergonomic comfort with an innovative back design, Strive seating provides a consistent aesthetic for any environment. To accommodate any need, the Strive family features stack chairs, nesting chairs, high-density stack chairs, cafe stools, high-density stools, task chairs, task stools, and tandem seating.

DESIGNER PROFILE

Giancarlo Piretti

Giancarlo Piretti (Bologna, Italy, 1940) is an Industrial Designer. Among his successful designs are Plia folding chair, his best-seller exhibited at Moma NY, Platone folding desk, and DSC (106-AXIS) seating system. For Vertebra chairs he obtained the Compasso d'Oro (Italy) as well as for his largest project, Piretti Collection office & institutional seating system. Other designs include Xylon wooden chairs, Torsion collection of institutional chairs; Engage & Impulse office chair lines featured by a synchro tilt mechanism Piretti developed; #18000 nesting & stacking chairs; and the Strive chair collection. The Pirouette nesting table and Grazie and Doni chairs for KI U.S. are G. Piretti's latest designs.
