

Tributaire™ Screens

Tributaire nesting and low profile screens are available in five widths, three heights, and four material options. Inline nesting makes the most of floor space, while casters or glides can be specified for mobility needs.

Key Features

A Nesting Design

Unique leg design allows for inline nesting.

B Screen Structure

Available in multiple heights and widths to accommodate many different uses.

C Material Options

Choose from four screen material options including markerboard, PET felt, fabric, and markerboard/PET felt.

D Magnetic Markerboard

Easy-to-clean markerboard surface supports magnetic accessories such as storage bins and PET felt shapes.

E Nesting Screen Feet Options

Available with casters or glides in black, warm grey, and cottonwood (with warm tread for casters).

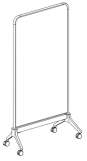

F Low Profile Screen Feet Options

Available with black casters or glides. Glides are not visible, located on the bottom of the plate foot, and provide protection to floors when screens are moved.

G Ganging Design

Create space division by ganging together low profile screens. Ganging kit sold separately.
